We have read the acceptable use policy contained in this planner. This policy governs acceptable computer and Internet use by students. The student's and parent's/guardian's signature below indicates an agreement that the student will use the Internet and all associated equipment and information in a way that is consistent with these guidelines. Furthermore these signatures indicate an understanding that the student's failure to do so will result in the loss of his or her Internet privileges and/or other disciplinary action, including fines, as deemed appropriate by school officials.

We, as the parent/guardian, understand and agree to abide by the rules governing cell phone use. Should my student have his/her cell phone taken because of non-compliance with the rules, we understand that it is our responsibility to come to the main office to retrieve the cell phone and it will not be returned to the student.
